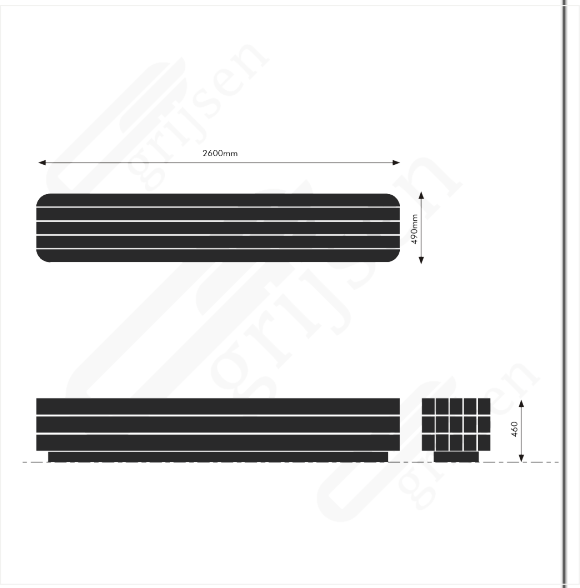
Plane Solid single seat

Article number: 20002695

Series: Plane Solid



Product description

Plane Solid single seater

This Plane Solid single seat is the simplest variant within the Plane Solid series, and its **floating character** comes through well here. The bench, with its friendly **rounded corners**, invites you to sit on it. The design of the Plane Solid single seat is nicely proportioned due to its square shape.

Features

- Floating effect
- Robust appearance
- Optically made of one piece of woo

Floating in public space

The Plane Solid series is also known as the floating bench series. The Solid benches are designed to look like they are floating **a few inches above the ground**. This, and the rounded corners give these sturdy and robust benches a friendly look. Through **craftsmanship** and **years of** woodworking experience, the bench appears to be made from **a single piece of** wood.

Materials

The bench is produced from steel and wood. The steel is hot-dip galvanized and two-layer powder coated in a RAL color of choice. This ensures that the bench, like our other products, will last a long time in public spaces. The seat is made of untreated hardwood. This wood is 100% sourced from FSC-certified forests. This means that the wood has been harvested sustainably and responsibly.
