

Quadrat 70

Article number: 10001152

Series: Quadrat

Product description

The Quadrat 70 is a Dutch design and has even been nominated for the Dutch Design Awards. So a real litter bin for the Dutch soil. This **robust** litter bin is standardly produced in powder-coated steel but is also available in a beautiful **corten steel** version. The Quadrat 70 has a capacity of 70 liters and is equipped with a hood that protects the waste from the rain. The litter bin is **fully modular**. This gives the Quadrat an immediate **circular basis**. The Quadrat is equipped with a stainless steel inner container.
