

Edge 2200 with armrests

Article number: 20003153

Series: Edge

Product description

The **Edge 2200** is the long version within this bench series. This length allows more people to sit on the outdoor bench. This makes this version ideal for busy squares. The Edge bench consists of slats, between which one can subtly see the steel base. Both the backrest and seat continue over the edge of the base. The rounding of the wooden beam at the top and at the seat creates a beautiful flowing line. An armrest is mounted on either side of the sofa for added comfort.

Extra information

Length

2200 mm

Width

691 mm

Height from ground level

900 mm

Material seat and backrest

FSC 100% hardwood untreated, durability class 1
